

HERE WeGo Pro

Advanced in-cab navigation for transportation and logistics

Navigating the complexities of transportation and logistics is no easy task. Traffic, roadworks and accidents often lead to delays, fines and lost profits. HERE WeGo Pro is designed to solve these challenges by turning centrally planned routes into real-time, turn-by-turn navigation tailored specifically for professional drivers. Combining optimized route planning with driver-friendly navigation, HERE WeGo Pro ensures cost-efficient, on-time deliveries. With customizable capabilities, businesses can adapt the solution to their unique needs, enabling seamless, efficient operations while staying compliant with service-level agreements (SLAs).

Key industry use cases

- **Fleet compliance:** Ensure routes align with fleet-specific regulations and vehicle constraints.
- **On-time deliveries:** Significantly reduce delays and redeliveries by providing drivers with precise turn-by-turn guidance.
- **Driver satisfaction:** Enhance driver retention and support higher earnings by simplifying navigation, reducing stress and enabling quicker deliveries - especially in unfamiliar areas.
- **Operational efficiency:** Keep drivers on track with planned schedules by reducing time spent searching for locations, saving time and costs.

Custom route optimization

Plan truck-specific routes that factor in cost, distance, emissions, driver availability and fleet capacity.

Reliable offline navigation

Keep drivers moving with onboard map storage, ensuring uninterrupted navigation even in areas with no mobile coverage.

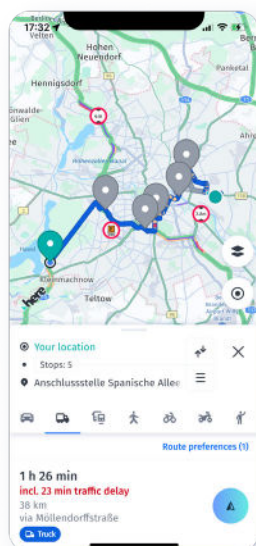

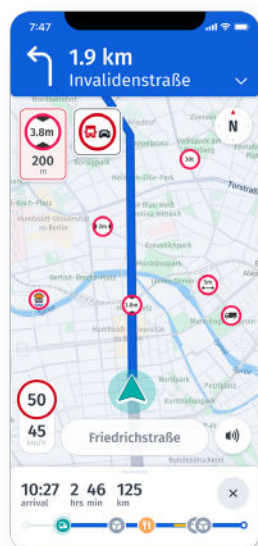

Extensive coverage and multilingual support

Leverage HERE's global map-making leadership to access real-time updates in over 130 languages.

Key features

- **HERE Truck Routing constraints**
Generate commercial-fleet-specific routes that consider height, weight, width, time-based access limits and custom in-house rules. Adhere to legal and safety requirements while reducing driver stress with tested, achievable schedules that build confidence and efficiency.
- **Real-time GPS tracking**
Monitor vehicle progress live and set isoline geofences to notify customers when deliveries are 15 or 30 minutes away.
- **Multi-stop routing for flexibility**
Adjust routes dynamically for last-minute changes, such as vehicle breakdowns or unexpected pick-ups, while maintaining SLA compliance, meeting KPIs and supporting seamless driver communication.
- **Driver-centric route integration**
Help drivers adopt optimized routes with ease. Analyze actual vs. planned routes, integrate driver preferences and fine-tune future plans for efficiency and satisfaction.

Product highlights

Take control with HERE WeGo Pro

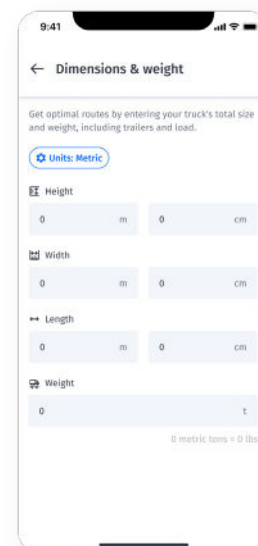

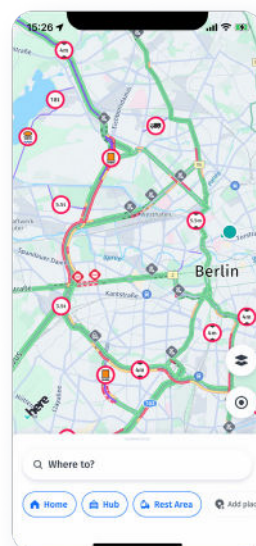

Customize your navigation experience with HERE's industry-leading map content, global location services, and expert support.

Real-time map updates

Enjoy seamless access to real-time traffic updates refreshed every five minutes and high-quality map data covering over 200 countries.

Delivery

Deploy HERE WeGo Pro effortlessly using HERE-provided activation keys for quick manual installation and instant access to powerful navigation capabilities.

About HERE

HERE, a location data and technology platform, moves people, businesses and cities forward by harnessing the power of location. By leveraging our open platform, we empower our customers to achieve better outcomes – from helping a city manage its infrastructure or a business optimize its assets to guiding drivers to their destination safely. To learn more about HERE, including our new generation of cloud-based location platform services, visit <http://360.here.com> and www.here.com.
